Dear Colonel Hale:

STATINTL

I wish to express my appreciation to you and your staff for the fine treatment and hospitality extended to two of my employees, [REDACTED] These men had the unique opportunity of observing your field training exercise in September.

Your entire staff was most cooperative and instructive. My analysts were particularly appreciative of the information received from your Group S-3 operations officer, the SP battalion commanders, and the battalion staffs. Please extend my thanks to your officers and men.

Sincerely,

STATINTL
